Workshop Descriptions

Jump Start Your Job Search

This workshop will show how to search strategically and provide tips and tricks for landing your next job. This workshop will show how to search strategically and show best practices to landing your next job.

Interviewing Techniques

Interviewing for a job today can be more intimidating than it needs to be if you're not sure what to expect, how to prepare, or what the interviewer expects from you. In this workshop, you'll learn what makes an interview successful, the types of questions to expect, and how to effectively prepare.

Using Age to Your Advantage

Let's look at age as an advantage, not an obstacle, when seeking employment. Learn to sell your track record and identify obstacles holding you back.

Finding Job Leads

Networking is contacting people who can either give you information about potential job openings or introduce you to others who have this information. The goal of networking is to meet the person who has the authority to hire you for the job you want. This workshop will share some best practices for networking in today's workforce and understanding the "hidden" job market.

Job Fair Preparation

In this workshop, we will review tips and advice on how to prepare for a job fair, how to conduct yourself, and how to speak to employers.

Career Assessment & Exploration

This workshop will discuss how to access free career assessments and how to understand those results. Whether you are looking for a career change or not sure what direction to head, this will help you to explore options. Learn how to develop your own career plan for your goals and job search.

Coping with Job Loss and Moving On

During this workshop, you will learn how to clarify and understand the process of grieving job loss. Learn strategies on how to cope with job loss and maintain your health during this time.
